

LUXODOR
CANDLES

Where Luxury Meets Fragrance.

In the candle factory of the **Greek company Luxodor** based in Larissa, we **manufacture specialized scented candles** from **certified materials**, in innovative guides of certified fragrances and in **eco packaging** of European specifications.

We have **knowledge** and **experience** as **manufacturers of eco-scented plant based candles** and **paraffin** candles. We use exclusively certified wax materials, in accordance with the legislative and European provisions of the certified Golden wax GMO FREE wax, C3 soy wax, Greek beeswax with 0% paraffin, canola wax and EN paraffin.

In our laboratories, we **control every stage of production** and carefully **study the ingredients**, to **ensure** that our candles and our customers' private label candles are **certified** and **superior** in aromatherapy and decoration.

We work exclusively with accredited high quality perfume industries and use certified RAL colours.

- Specialized processing, production and packaging machinery.
- Certified raw materials.
- Collective research by competent staff.
- Test study for the effectiveness of the perfume, in modern options and timeless solutions for the professional.
- Control stages to ensure quality and eco combustion
